

Dear Parent,

Welcome to our **At-Home Learning Parent Bundle**, a new resource as part of the Our World Irish Aid Awards 2020/2021.

The **Our World Irish Aid Awards** is a primary school programme that helps pupils to learn about Global Citizenship, the United Nations 17 Global Goals, and the work of Irish Aid.

We have lots of fun and engaging resources that inspire children to embark on a journey of Global Citizenship and share their perspectives and voices on how we can make the world a better place.

We've put together a selection of **worksheets and activities** that you can use with your children at home to start them on their journey. All of these resources are ready-to-go and involve fun, simple activities for children to complete independently or with someone from home.

If you're enjoying the activities in this pack, we have an **At-Home Learning section** on our website filled with even more! We also have curriculum-linked **lesson plans** available as video narration and in **editable, PowerPoint format**. These lessons are perfect for families who may be home schooling or who are looking for supplementary content for what their children are learning in the classroom.

Follow our Facebook page **@ourworldawards** for information about new resources, fun social challenges for children and the release of our online children's magazine, the **Global Goal Getters** this February!

We're still accepting submissions for issue 2 of the Global Goal Getters so send in any of the work your children complete from this pack for the chance to feature!

Kind regards,

Terri Cole
